

## Right or wrong

Down By Law

Under the sky  
You see me walk alone  
You wonder why  
I honestly don't know  
To be alone tonight  
To find the answers  
What's wrong or right  
Your right or wrong  
How can I see  
Your right or wrong  
Which will it be  
Your right or wrong  
How can I know  
Your right or wrong  
Which way to go?  
Lying awake at night  
Thinking of all the things  
I have to do  
And things I should have done  
Decisions to be made  
I see the path  
Is it the way?  
I know the answers out there  
If I keep looking, will I find it?  
The answers in the night  
And if I find it, what then?  
What then?
