

Hit Me Right

Down Low

As y'all grooving along to this out there
We're gonna keep pumpin' it up for the summertime (Hit me right)
Down Low is back, kicking it for the nine eight
Hit me right, and do it right outthere (Hit me right)
Y'all stay safe, see you on the next year (We're gonna do it all night!)

Down Low is in effect once more, to get you up and hit the dancefloor
Gotta have nothing but pure satisfacion, we're bouncin' tonight, that's all
that I'm accing
Now this timin' is right, no show tonight, I'll be biting the z, would that
be all right?
Let's meet about eight o'clock, uh, so you and me can hit the spot
Now, you know it's on again, a players life is never at an end, tell a friend
They don't wanna be the love in counter, and after that, poor some wine, later
take a shower
'Cause you wanna be clean if you know what I mean, before we hit the sheets,
before we make a scene
'Cause I'm freeking that body tonight, you gotta be poppa, before you hit me
right!

Hit me right (hit me right) We're gonna do it all night,
Hit me right (hit me right) We're gonna do it all night,
Hit me right (hit me right) We're gonna do it all night,
Hit me right (hit me right) We're gonna do it all night!

Let's ride tonight (We're gonna do it all night, hit me right)
Let's ride tonight (We're gonna do it all night, hit me right)
Let's ride tonight (We're gonna do it all night, hit me right)
Let's ride tonight (We're gonna do it all night)

Part two, what'cha wanna do? You got some for me, I got some for you,
I ain't talking 'bout sharing thing of a box tight, I'm playing soft music only
you deny,
I have to say "Yo, I ain't playing" Test, the message, you know what I'm saying?
Cut the handees and the beepers of, now it's time for you and me to get lost
,
I wanna leave the lights on, so I can see it all,
The closer that I get (Joey ho) the more she calls, for the maindest top of
the list
And it's comin' from the long hear, braited with a twist, and understand that
This is just a plan, Down Low is back and one thing that me demend is that
The brothers and sisters out there tonight, make sure your lover hit you all
right!

Hit me right (hit me right) We're gonna do it all night,
Hit me right (hit me right) We're gonna do it all night,
Hit me right (hit me right) We're gonna do it all night,
Hit me right (hit me right) We're gonna do it all night!

Yo, Mike, Take them to the bridge!

If you wanna do it, there's nothing to it, girl just hit me right, so right
We can bump it right to it all night, girl, just hit me right!

Hit me right (hit me right) We're gonna do it all night,
Hit me right (hit me right) We're gonna do it all night,
