

I Want You Back

Down Low

What's up my señorita
Met somebody like me?
Uh, but I want you back
C'mon

Girl I really want you back
Since the day you left the sun don't shine no more
Girl I really want you back
Why can't things be like before

I know I come I shouldn't cry
But ever since you said goodbye
It seems like crying is all I know
How could you be so damn cruel
I know I come I shouldn't cry
But ever since you said goodbye
It seems like crying is all I know
How could you be so damn cruel?

Come here and let me take that
I know you had a hard day, but girl now just relax
Would you care for a drink, how about some yacht?
This is simple as that I really want you back
Please come back, let's forget about mistakes in the past
Sweet Mamasita, you don't want the separation to last and I don't either
Miss try to, Mi Bonita, now try to turn up the speaker
Before we start to make love hatter than summer in Costa Rica!

Girl I really want you back
Since the day you left the sun don't shine no more
Girl I really want you back
Why can't things be like before
Girl I really want you back
Since the day you left the sun don't shine no more
Girl I really want you back
Why can't things be like before

I know I come I shouldn't cry
But ever since you said goodbye
I can't stop these tears from falling
Cause I want you back my darling
I know I come I shouldn't cry
But ever since you said goodbye
I can't stop these tears from falling
(Cause I want you back my darling)

Passion was reaction I guess memories came flashing
She quickly rushed for me like a while was even dashing
Try to get this thing to lasting, so If we started action
Was I really trying to get her back? Or was I out for satisfaction?
I never got a chance to answer cause sooner we were climaxing
All I did was tiny grabbing driving in a passion
Screaming, and planning for breath the both of us were grasping
While together vise kept slapping
Now we're happy and everlasting

(Bring it on)

The way she tease me, The way she please me
Mi Mifi Docherita
I know I really need her, My Señorita Benita
The way she tease me, The way she please me
Mi Mifi Docherita
I know I really need her, My Señorita Benita
My Señorita Beonita
Te quiero, is te banata?

Girl I really want you back
Since the day you left the sun don't shine no more

Why can't things be like before
