

Potion

Down Low

I'm runnin' away, away!!

Here we go..

Step to me, when I flow I flow to fucking wreck,
so when I give out these rhymes the minds do I check?
You can't stop me, you would need a fucking army,
when I come like this, yo I come Kamikase
Now I do these things that you never seen before,
so open up to my mind and their lies a door,
yeah...

to the beginning is to the end,
so listen to the words that I send to make you bend..
Now you come to me to stay? Or vanish away you go..
Now understand mentally that I rap this flow.
Now activate your body to this bezirk mind,
interact with these nevers shooting lyrics from my spine.
Scared?

These are the bullets of lead from my head,
I will have you dazed at what I just said..
Hey!

Can't you feel the shadow of death, yo it's coming...
But tonight's the night my soul is adrift runnin'....

I'm Runnin'!!!!...

like a thief in the night,
I'm runnin'...

Feelin' fear down inside..

I'm runnin' away!! From this Mysterious sway..

This potion brings me pain..

It's driving me insane....

I'm Like A Potion..(2X)

Here we go...

I'm Like Lighting, frightening.. waiting to explode,
so feel these funky sentences as I unload.

Deep off into the shadow is where I lie.

I'll strike in a moment's notice twinkling from my eye,

Now vision this, Vision This!!

hear the words that comes from lips,

journey with me into the night a lay abliss.

Longivitivity is my key,

from a single stroke from my mind, you die! You Die!

Now this potion in which I attain,

is buried inside my brain, this pain just remains,

in-trapped, shallow-in now chains,

I paralyze my victim, realize this is only just a symptom.

Their you lay..

swepted and crushed as my prey..

Reduce yourself..

and seduce yourself..

I break myself down into this potion now stunnin'..

Fear is my strength!

The length.. always keep runnin'.....

Chorus

I'm Like A Potion!!

When you step to me ..I'M LIKE A POTION!!!!

Chorus

I'M Like A Potion!!

You Die!! my soul is adrift runnin'..

You Die !! You die!!

When you step to me,

I'M LIKE A POTION!!!!!!
