

Big Time

Down with Webster

Hello, here we are, hanging on
Once in a life time, for once I would like to live it large
Came a long way from the days of the garage
Took it to the stage, paid the way to the stars
Got a one time shot, two times if it's hot
I might have lost the battle but, at least I [?] plot
Started with the baby steps, grew into a giant
Fe fi fo fum, we have to start a riot

Happiness is what you got
When your living like a one night plot
And your scheming on a one time shot
Well, I know I'm gonna make it!
Don't give up the fight
Baby I know, I'm gonna make it
Fight with all your might
Honey, I know, I'm gonna be alright!

Eve'r since I was four, yea I knew for sure
That I'd been doing a little something like thiiis
And I gotta let you know, eve'r since we repping shows
That I knew we were gonna make it real biiig
Cause I wanna big time stop, with a big time slot
And a big man saying here's your one time shot
With a big time show, a little big time dough and for sure
You know we ain't never gonna stop

Let you know we ain't ever gonna quit
Driving hard, and hustling hit
Let you know we ain't ever gonna miss

Happiness is what you got
When your living like a one night plot
And your scheming on a one time shot
Well, I know I'm gonna make it!
Don't give up the fight
Baby I know, I'm gonna make it!
Fight with all your might
Honey, I know, I'm gonna be alright!

Yeah, I don't know, and I don't care
So people keep going with those cold stares
But I'm going to keep pushing like some glaciers air
To be a big time guy like a glaziers airers
And if you see me at the beach, you know I'll be alright
But if I'm in too deep, would you save my live?
I have got no time to fight, I gotta pound the mic
We getting signed tonight
Yeah, how does it sound? alright?

Don't give up the fight
Baby, I know, I'm gonna make it
Fight with all your might
Honey, I know, I'm gonna be alright!
Don't give up the fight
Baby, I know, I'm gonna make it
Fight with all your might

Honey, I know, I'm gonna be alright!

Life don't stop til the love is gone
If I [?] you can't go wrong...
