

Gentleman Man

Down with Webster

Now, everybody knows when they see me, yeah, I got no cash
But I really don't need cause baby I'm a gentlemen man
Yeah, baby, I'm a gentlemen man

Now, you might think I'm living kinda seedy but I wonder
why my friends say they all want to be me?
I guess cause' I'm a gentlemen man
Yeah, baby, I'm a gentlemen man
I guess cause' I'm a gentlemen man
Yeah, baby, I'm a gentlemen

Walk around like my collars popped but I'm in a t-shirt
I got no cash for that bottle pop, I drink for free first
My car's nice, my apartment sucks, should've paid for heat first
But when I'm out I look tight as fuck, I just put my feet first
I got new kicks like every day, matching jackets and colored waist
Fake it til' you make it and I made it every other way
Little kids, they look up to me, girlfriends mad, she's stuck with me
Know there's people making more bucks then me but they don't get the same love
I'm living broke like I feel like a skateboard, like a feel like it, debts over, my next go
I'm just keeping it real like it, I can't take you out and take my car down
for a de-bud
I got ginger ale and whiskey, that's a party to me, you know?

Now, everybody knows when they see me, yeah, I got no cash
But I really don't need cause baby I'm a gentlemen man
Yeah, baby, I'm a gentlemen man

Now, you might think I'm living kinda seedy but I wonder
why my friends say they all want to be me?
I guess cause' I'm a gentlemen man
Yeah, baby, I'm a gentlemen man
I guess cause' I'm a gentlemen man
Yeah, baby, I'm a gentlemen

Step into your supper club but I'm in a snap back
Tell a valet to go park my ride, that shit's hatch back
Just more room for those speakers, just make sure that my tank's filled
People gassing me up but ego's never paying my gas bills
I guess I'm just bohemian, blending in with those hipsters
Dirty shoes and bicycles, cheap beer when I get served
People snapping those pictures, wanting to know what my life's like
One foot in the gutter, other one's under them bright lights
It's fame minus the fortune, stunt minus the caution
I know people who got salaries tryna save for a Porsche
and me? I blow it all just to live it up for one night
Never giving up on my dreams so I live it up for my life, baby

Now, everybody knows when they see me, yeah, I got no cash
But I really don't need cause baby I'm a gentlemen man
Yeah, baby, I'm a gentlemen man

Now, you might think I'm living kinda seedy but I wonder
why my friends say they all want to be me?
I guess cause' I'm a gentlemen man

Yeah, baby, I'm a gentlemen man
I guess cause' I'm a gentlemen man
Yeah, baby, I'm a gentlemen
