Breathing In

Downhere

Death is no conflict, for those who do belong
The very last life breath, starts a brand new song
Promised to find, what I?ve been looking for
I guess then we will meet right at Heaven?s door

As I wander the streets of gold
Talked to all the friends I?ve known, yeah
We?ll go adore the Master King
Then only then, I?ll be breathing in

Breathing at Heaven's door

For me to live is Christ, and to die is gain
When I leave this earth, I?m not coming back again
So I wear this life like a dirty coat
Give up my tattered threads when I cross the moat, yeah

As I wander the streets of gold
Talked to all the friends I?ve known, yeah
We?ll go adore the Master King
Then only then, I?ll be breathing in

Breathing at Heaven's door

Life has no conflict for those who do belong
This very moment can start whole new songs
When I pass through die, as we all shall do
I?m gonna fall at the feet of the one who created me and you

As I wander the streets of gold
I've talked to all the friends I?ve known
We?ll go adore the Master King
Then only then, I?ll be breathing in

Breathing at Heaven's door
I'll be breathing in
I'll be breathing in, hey yeah

Only peace, no disease, no more rain
No more pain, no more tears, no more fears
Breathing in

Only peace, no disease, no more rain
No more pain, no more tears, no more fears
Breathing in

Only peace, no disease, no more rain
No more pain, no more tears, no more fears
Breathing in

Only peace, no disease, no more rain
No more pain, no more tears, no more fears
Breathing in
