

Christmas In Our Hearts

Downhere

(La da-da la da-da)
(La da-da la da-da)

A land adorned with snow
Tree silver and gold
A fire crackling along

Red and green décor
Carolers at the door
And that family feeling is strong

Would it be less Christmassy, if all of it were gone

Even if nobody said Merry Christmas
If even the ch-oirs and belfries made no s-ound
There would be p-eace on the Earth, and forgiveness
'Cause its Christmas in our hearts

Everywhere you go
The poor and orphans know
The Spirit is stirring the soul
Oh o-oh

Mmm, as love and caring dare
Beyond the standard fare
To get back what the world stole

Is anything more Christmassy more, sweetly apropos

Even if nobody said Merry Christmas
If even the ch-oirs and belfries made no s-ound
There would be p-eace on the Earth, and forgiveness
'Cause its Christmas in our hearts

(La da-da la da-da)
Christmas in our hearts
(La da-da la da-da)

Sacred night so timel-ess
We through shadows r-oam
Lend Your star to guide u-s
To our heart's true h-ome

Even if nobody said Merry Christmas
If even the ch-oirs and belfries made no s-ound
There would be p-eace on the Earth, and forgiveness
'Cause its Christmas in our hearts

La da-da la da-da
Christmas in our hearts
(La da-da la da-da)

Oh if every sleigh bell, on Earth just disappeared
The 24th of December, we start ringin' the new year
There would be peace on the Earth, and forgiveness
'Cause its Christmas in our hearts
Christmas in our hearts

'Cause its Christmas
It's Christmas in our h-earts
In our hearts
