

Grown Man

Downhere

I kneel down
As low as I can
I'm not fit to entertain you
I'm just a wretch

I've got some things
To tell you Lord
And I wish I didn't have them
Each one is a thorn

Have you seen a grown man cry
Have you seen him weep for his sin
Have you seen a grown man cry
Because of the love of the Christ

And every last offense
I'm laying down
Cause I know your cross of mercy
It covers them all

The deal is done
You've turned me loose
From a death that once enslaved me
My fears relieved

Have you seen a grown man cry
Have you seen him weep for his sin
Have you seen a grown man cry
Because of the love of the Christ

Have you seen a grown man cry
Have you seen him weep for his sin
Have you seen a grown man cry
Because of the love of Jesus Christ

Have you seen a grown man cry

Have you seen a grown man cry
Have you seen him weep for his sin
Have you seen a grown man cry
Because of the love of Christ

Have you seen a grown man cry
Have you seen him weep for his sin
Have you seen a grown man cry
Because you know he's the love of Jesus Christ
