

# 15 Minutes

Downplay

Leonardo in many ways  
Caus I've come to save the day  
It's going to my head  
I've conquered the best asset  
The best ass yet  
I left it there for dead

A diamond in the rough  
It don't satisfy enough  
Gotta leave eventually  
It might as well be me, I said

You've got your fifteen minutes of fame  
Get in the backseat again  
I'm in love with the unobtained  
Destiny is my friend (Hey! Hey!)  
Destiny is my friend (Hey! Hey!)

She left me for good today  
I don't care anyway  
Caus it's going to my head  
When I lose them in misery  
They all come back to me  
And I leave them there for dead

A diamond in the rough  
It don't satisfy enough  
Gotta leave eventually  
And when they come back to me, I say

You've got your fifteen minutes of fame  
Get in the backseat again  
I'm in love with the unobtained  
Destiny is my friend (Hey! Hey!)  
Destiny is my friend (Hey! Hey!)

(Hey! Hey!)  
(Hey! Hey!)  
(Hey! Hey!)  
(Hey! Hey!)  
You've got your fifteen minutes  
You've got your fifteen minutes  
You've got your fifteen minutes of fame  
Destiny is my friend

You've got your fifteen minutes of fame
