

Afterlife

Downplay

Maserated, down to marrow
Hanging on, is all that I know
Separated from the world
And all I love, I left alone

Nothing left in the light
All I see; Black and white
Cut the ties, watch them bleed
Inside what you left me

Stuck in running from the afterlife
The afterlife with you
Stuck on running by an afterlife
After the life with you

Aparition only goes
I can't escape, I can't surrender
In this silence, In this void
I fall from grace
I fall forever

Nothing left in the light
All I see; Black and white
Cut the ties, watch them bleed
Inside you left me

Stuck, stuck, stuck in running from the afterlife
The afterlife with you
Stuck, stuck, stuck on running by an afterlife
After the life with you

And on and on it goes
On and on
Left me
On my own
And on and on it goes
On and on
Left me
On my own

Stuck, stuck, stuck in running from the afterlife
The afterlife with you
Stuck, stuck, stuck on running by an afterlife
After the life with you
