

Fade Away

Downplay

Preacher man selling
In bookstores
Is the money your savior?
Salvation sold at the door
Is your heart made of stone?

Into the flame that calls your name
Hey you, do you feel ashamed?

Hey yeah, while you're busy
Lookin' out for number one
Are you happy with what you have become?
Hey yeah, did your dreams just
Disappear one day
Did the real you fade away?

Celebrity what are you
Famous for?
Do you like being a camera whore?
Respect for the way you're born
Do you feel alone?

Into the flame
That calls your name
Hey you, do you feel the same?
Hey you, do you feel the same?

Hey yeah, while you're busy
Lookin' out for number one
Are you happy with what you have become?
Hey yeah, did your dreams just
Disappear one day
Did the real you fade away?

You'd give everything to be back on my side
I know
From before you hid under a cardboard halo
Did the real you fade away?
Did the real you fade away?

Hey yeah, while you're busy
Lookin' out for number one
Are you happy with what you have become?
Hey yeah, did your dreams just
Disappear one day
Did the real you fade away?

Hey yeah, while you're busy
Hey yeah, are you happy?
Hey yeah, did your dreams just
Disappear one day?
Did the real you fade away?
