

Filthy Voodoo

Downplay

Our eyes are beauty
And our lies are fame
To be gods of TV
We forget our name
Do we really like it
When they know our name
Conscience makes the misfit
So we don't have shame

And even when we've taken everything
We are still begging

We all buy
The drugs we need to
Keep us high
We are all addicted to the glamorized
Get on your knees and glorify
The filthy voodoo you do
The filthy voodoo you do

Even fairing forties
Teenage to corrupt
Sex with the beauties
Is why we break up
Dead whores on TV
It's what we shop
Inside we're slowly
Becoming bankrupt

And even when we've taken everything
We are still begging

We all buy
The drugs we need to
Keep us high
We are all addicted to the glamorized
Get on your knees and glorify
The filthy voodoo you do
The filthy voodoo you do

Hey, hey, hey
I'm too proud
We don't like the drugs, we're just addicted to ourselves now
Hey, hey, hey

We don't like the drugs, we're just addicted to ourselves now
Addicted to ourselves now
Addicted to our-
