

Shadow With You

Downplay

Who am I?
Am I this?
Have I traded life for my self righteousness?
Selfish pride
Self eclipsed
Will I always choose the path that most resists?

When I've gone too far
When I've lost my way
You're somehow always there
Finding me

So shine your light
Bring me to life
You are the sun and I am the dark of the moon
When I'm paralyzed
Broken inside
You are the energy
I am the shadow with you

Why have I
Searched for this?
They all promise me the end does not exist

When I've gone too far
When I've lost my way
You're always there to illuminate

So shine your light
Bring me to life
You are the sun and I am the dark of the moon
When I'm paralyzed
Broken inside
You are the energy
I am the shadow with you

So shine your light
Bring me to life
You are the sun and I am the dark of the moon
When I'm paralyzed
Broken inside
You are the energy
I am the shadow with you

Shadow with you
Shadow with you
Shadow with you
