

# When the Lights Go Down

Downstait

ALWAYS READY!

Won't take it back from me, the good and bad

'Cause you won't, I'm still here

The star is bright in me. Grabbed all the rings

But you take, I'm still here

Major player

Always here

Cannot stop me

I'm always ready

When the lights go down, then I am free

Can't stop the heartbeat in me, no stopping me

How the truth, it hurts. Yeah, you will see

Can't stop the heartbeat in me

Always ready

Fought through adversity, valleys and peaks

A rough ride, I'm still here

Now I take everything, show who I am

You just wait, it's all mine

Major player

Always here

Cannot stop me

I'm always ready

When the lights go down, then I am free

Can't stop the heartbeat in me, no stopping me

How the truth, it hurts. Yeah, you will see

Can't stop the heartbeat in me

Always ready

Major player

Always here

Cannot stop me

I'm always ready

When the lights go down, then I am free

Can't stop the heartbeat in me, no stopping me

How the truth, it hurts. Yeah, you will see

Can't stop the heartbeat in me

Always ready

When the lights go down, then I am free

Can't stop the heartbeat in me, no stopping me

How the truth, it hurts. Yeah, you will see

Can't stop the heartbeat in me

Always ready!
