

1 Shot

DPR IAN

One more shot so casually
One more down and I'm meant to be
Have I gone too far with this?
Can you see me in the mist?

One more
So casually
One more down and I'm meant to see
Have I lost my sense of bliss?
Have you found me in the

Oh girl, what you wanna do for me
I got no pearls, baby
I'm lost in the sea of lust
It took me one shot just to make it nonstop

Oh girl, what you wanna do for me
I got two worlds, baby
Baby, they're falling into your arms
It took me one shot just to make it nonstop

I've gotten sentimental
Swimming with the devil
Got me reaching for the air, baby
Get the memo
Take away my only kryptonite (Sure, you wanna know?)
Mood swings in disorder
Comes to life

Frontline
Steady
Heavy
When I swing down
Baby
Be ready
To take a world out
Tell me
Are we really just in love now
Yeah
