

# Calico

DPR IAN

You don't know  
No she don't know  
I'm just another

My heart's in Calico  
Underneath the midnight coal  
I'm not your lover  
I'm just another (shhhh)

My heart's in Calico  
Underneath the midnight coal  
Don't dig around my lows  
You don't want to be alone

My heart is lost in Calico  
Oh girl you'll never know  
It's just another show  
I don't want you all alone

Underneath a love like this  
Tell me what you feel in a kiss  
I thought you would be okay  
You thought I would be the same

Underneath a love like this  
Tell you what I feel in a kiss  
I thought you would be okay  
You thought I would be the same

I've been lost in your gaze  
Constant fogs in your way  
The blue nights were heavenly  
Just you and me  
With no certainty  
You lit my cigarette up  
In the thunderstorm  
Then you put me out  
Like I'm nothing more  
Why'd you think I was so into you

Into you

My heart is lost in Calico  
Oh girl you'll never know  
It's just another show  
I don't want you all alone

Underneath a love like this  
Tell me what you feel in a kiss  
I thought you would be okay  
You thought I would be the same

Underneath a love like this  
Tell you what I feel in a kiss  
I thought you would be okay  
You thought I would be the same

You're so addicted to my bad decisions  
You locked yourself in this imagination  
And as we draw our goodbyes  
I'll be patient  
For your words  
But you told me you had nothing to say  
What do you want me to say?

We hid in the night everyday  
You took my heart  
And snuck away  
All I wanted was you to be okay  
But you told me you had nothing to say

We hid in the night everyday  
You took my heart  
And snuck away  
All I wanted was you to be okay  
But you told me you had nothing to say

Underneath a love like this  
Tell me what you feel in a kiss  
I thought you would be okay  
You thought I would be the same

Underneath a love like this  
Tell you what I feel in a kiss  
I thought you would be okay  
You thought I would be the same
