DPR LIVE

Fuck

She goes Boom
She don't fuck with me now
But she don't really wanna wait and see

She goes Boom
She don't fuck with me now
But she don't really wanna wait and see (Okay)

She goes Boom
Uh, she feels it now
Oh god, she feels it loud

She goes Boom
Her eyes rollin' out
Damn, volume out

She goes Boom
Way higher than my ceiling
Got me fucked up
In my feelings
So now you got me looking around
I'm kinda thinking
It's funny how you think the world is always spinning
Around you

She don't fuck with me now
But she don't really wanna wait and see
I said don't run to me (Bad girl)
She said just run to me (You're gonna blow)

Okay

She goes Boom
Uh, she feels it now
Oh god, she feels it loud

She goes Boom
Her eyes rollin' out
Damn, volume out (Coming to you live)

She goes, oh my god
Boom
Her legs wide open
Oensoneun eolgul oreunsoneun jungyo bubun
I hold her down 'cause she wants to see the full moon
Mwo mareul deureoyaji juji
Girl, don't be rude

Give it to me pretty please
Tell me, tell me why you're such a fucking tease?
Fuck it up, Bon Appétit
And there she goes in three, two (IITE COOL)

She goes Boom
She don't fuck with me now

But she don't really wanna wait and see

She goes Boom

She don't fuck with me now

But she don't really wanna wait and see (Okay)

She goes Boom

Uh, she feels it now
