DPR LIVE

Oh-oh-oh-oh...

You and me with the gravity
You and me with the gravity
We are gonna rock together...
Darling, let's party to the 80's beat
And let's boogie woogie, babe
Where you taking me?
We are gonna rock together...

Boogie woogie girl, da dwaetgo boyeojwo
I want it right now, I don't want to see it slow
Aemaehage guneun geo na sileo
Hal geomyeon hwaksilhage gyeonggo eopsi, ya
Show me your danger, show me impatience
Hey gravity, you already know it
Loving your pull it's 1eseo 100 (Bet, bet)
Neoneun naege jakkuman wiheomhan aidieoreul jwo (Her name is)

Right there life couldn't seem better
Tulip flowers in my sweater
Ask me now, is this forever?
Ever since I ever felt ya
Right there life couldn't seem better
Tulip flowers in my sweater
Ask me now, is this forever?
