

# No Rescue Needed

DPR LIVE

I don't mind how I got here  
If I die, why would I care?  
Green blue skies  
Yeah, I love those  
Green blue skies

Yeah  
Do you feel it?  
Well, I feel it  
If you don't feel it, just feel it  
All I'm saying is just feel it  
No, no, no, don't think it just feel it

Feel it in your nerves  
Feel it in your heart  
And then let those feelings curve

Let it curve and merge  
Into the universe  
And see it disperse

I don't mind how I got here  
If I die, why would I care?  
Green blue skies  
Yeah, I love those  
Green blue skies

I don't mind how I got here  
If I die, why would I care?  
Green blue skies  
Yeah, I love those  
Green blue skies

To whoever gets this message  
Please, smile for me

(Why? why? why? why? why? why?)  
(Why? why? why? why? why? why?)

You know how it go man

'Cause  
No rescue needed

(Coming To You Live)

'Cause  
No rescue needed

I don't, I don't how I got here  
If I, if I, why would I care?  
Green blue, green blue  
Yeah, I love those green blue skies  
(No rescue needed)

I don't mind how I got here  
If I die, why would I care?

Green blue skies  
Yeah, I love those green blue skies  
(No rescue needed)

I don't mind how I got here  
If I die, why would I care?  
Green blue skies  
Yeah, I love those  
Green blue skies
