

Citizen's Arrest

Dr. Acula

Come through hunting protectors of people.
Corrupt mother fuckers we can see right through you,
And every sentence you state, and every choice that you've made
,
Is out towards your overpriced funeral parade.
Stone hands, rock chucker take your best fuckin' shot.
I'll fuckin' hit you in the face with a master lock.
'Cause when the hands of the law,
Got blood in it's claws,
Take away your money and use your clothes as gauze.
A fuckin' clone war, this aint no test.
This is not an act of misplaced emotion,
This is a citizens arrest.
Protect and serve is a myth and a fairy tail.
Breakin' all the laws you expect us to use ignorant coward moth
erfuckers.
Hide behind a badge while enforcing abuse.
Nation, A revelation we cannot support the scams.
Swarming in like an outbreak storm.
True justice will be had.
True justice will be had.
