Dr. Alban

Nuff respect to all the boys and girls  
Ladies and gentlemen I go up early in the morning to work  
Come down selector

Monday morning time to come along  
Working at raggamuffin takes over  
Seven to five PM everyday  
We are tryin to make a livin - come on  
Saturday is a rub-a-dub day  
Is a lot of is to pay at the end  
Sunday is a resting day  
Back to work on the monday morning

I wanna girlla - me a go see my money  
I wanna girlla - me a go see my money  
I wanna girlla - me a go see my money  
I wanna girlla

Work work seven to five everyday  
Work work tryin to make a livin  
Work work seven to five everyday  
Work work tryin to make a livin

Working seven to five everyday  
Up in the morning drives me crazy  
What a way man to make a livin  
It's so boring but nothing to do  
I'm dreaming for a much better life  
Even though we have to work for money  
If you call money the big evil  
Back to work on the monday morning

I wanna girlla - me a go see my money  
I wanna girlla - me a go see my money  
I wanna girlla - me a go see my money  
I wanna girlla

Work work seven to five everyday  
Work work tryin to make a livin  
Work work seven to five everyday  
Work work tryin to make a livin
