

# Go out Fighting

Dr. Dog

Never give up  
Go out fighting  
Go out fighting  
Go out fighting  
Go out fighting  
Never give up

When you keep the secrets underneath your thumb  
You can hide  
Or you can be your own museum and shine  
When you tell lies

And in your ears and in your tongue you're deaf and you're done  
You can cry  
Or you can sing your silent requiem all night  
When you go blind

Go out fighting

Go out fighting  
Never give up  
Go out fighting  
Go out fighting  
Go out fighting  
Go out fighting  
Never give up

Everybody knows that feeling  
Everybody knows desire  
Now we're coming down, down to the wire  
Now we're coming down, down to the wire

Never give up fighting  
Go out fighting  
Go out fighting  
Go out fighting  
Go out fighting
