

# Ladada

Dr. Dog

There's a town where it's carved into the earth  
But some are always singing "Ladadadada"  
To keep from being heard  
Well, I was born there  
Right around this block  
Well, the only thing you learn is "Ladadada"  
Whether you like the song or not

You can find me in town  
Any street  
Wandering towards  
The sound of your voice

You can find me on the street  
Anytime  
Looking for you  
Singing to myself

So if you're lonely  
Just a face among the crowd  
Well, the only thing you need is "Ladadadada"  
You know I'll come around

You can find me in town  
Any street  
Wandering towards  
The sound of your voice

You can find me on the street  
Any time  
I'm looking for you

Do you need a friend  
Oh, do you need a friend?  
Oh, do you need a friend?

Do you need a friend?

Ladadada  
Ladadadada  
Ladadadadada  
Ladadadada  
Whether you like the song or not
