

# Another Part Of Me

Dr. Dre

Ha, how y'all feelin' out there?  
Yeah  
Clap a lil' louder if you lovin' it  
I'm fuckin' with it  
Turn my mic up  
Yeah, yeah  
That's it  
Ha, return of the titans in this motherfucka  
Lovin' how this is feelin'  
Yeah, go 'head, Erik, Sting 'em  
Yeah  
Make some noise if you don't give a fuck  
Yeah, I like that

Just another part of me  
I'm just tryna show you some gangsta love  
Wearin' my heart on my sleeve (Yeah)  
Out here livin' armed and dangerous  
Now tell me what do you want from me  
Here in the land of the lost and the scandalous  
Bright lights, sunny days, cold nights  
Ride the wave, hold tight, just a day in Los Angeles

Encore, I'm not done, He is I, one of one  
For my hood, two one, Risky Business, Top Gun  
Dogg back out on a mornin' run, me and Dre, Red Rum  
Bake a cake with these bread crumbs, on my momma, son of a gun  
This for my people, I'm just handlin' procedure  
Hear no, see no, speak no evil, vision like a Desert Eagle, yeah  
Hood star with war scars from breakin' laws and beatin' charges  
Toppin' charts, this shit is ours, Stacey Adams on a blue carpet  
Standin' too close, you'll fuck around and catch a contact

Yeah, yeah, from the smell of this potpourri  
Ah, and it got you feelin' good, don't it?  
Same nigga, same odor, this is an iconic moment  
Money on my mind, oh, yeah, yeah  
She about to come alive, oh, yeah, yeah  
And it's right before your eyes, oh, yeah, yeah  
Just a thief in the night

From the jump, on the run, but I walk away  
I'm the one, give a fuck what they got to say  
Mmm, gotta get up, up outta my way  
Yeah, there's no better time than today  
In a moment jump up on it, see the ocean, stay in motion  
You're not broken, know I'm chosen, I just gotta have faith  
Time is passin', I stay active, mamis laughin', movies, rappin'  
Millions stackin', look what happened, life just isn't the same

From the jump, on the run, but I walk away  
I'm the one, give a fuck what they got to say  
Mmm, gotta get up, up outta my way  
Yeah, there's no better time than today

Yeah  
Thank you

I really appreciate the love  
Never have so many done so much for so few  
Good night
