

Die Hard

Dr. Dre

I sit into the wee hours all night
And we don't stop until the sunlight
We just keep going 'cause the die hard won't go down without a
fight

I sit into the wee hours all night
And we don't stop until the sunlight
We just keep going 'cause the die hard won't go down without a
fight

My life is like a highlight reel
Some might consider this my twilight but depending how I might
feel

I might continue on with my career for 5 light years

Critics can fly kites here?

Welcome to my nightmare

Pressures on, blood pressure racing

I calculate my next step, pacin'

Don't know if I'll meet expectations

All I know is the World better get set

Dre's in effect

Been in it since you had cassette decks taping

I'm sick

I sit into the wee hours all night
And we don't stop until the sunlight
We just keep going 'cause the die hard won't go down without a
fight

I sit into the wee hours all night
And we don't stop until the sunlight
We just keep going 'cause the die hard won't go down without a
fight

It's on, blood pressure racing

I calculate my next step which is to accept my expectations

They're soaring too high to meet, my reputations in jep'

Yep, face it, the fans they've been upset yet patient, I love 'em for that

I sit into the wee hours all night
And we don't stop until the sunlight
We just keep going 'cause the die hard won't go down without a
fight

I sit into the wee hours all night
And we don't stop until the sunlight
We just keep going 'cause the die hard won't go down without a
fight
