Got a ashtray full of no regrets
Gotta run away from livin' check-to-check (Yeah)
Lifestyle full of money
But them flashing lights ain't never caught me yet

Whoa, whoa

But that's when days, my world go 'round
The ups and downs like carousels
The ups and downs like carousels, oh
The price of fame, when it goes down
You would not understand
You would not understand
Snoop Dogg makes the world go 'round

You are now about to witness the strength of street knowledge
