

## Looking Back

Dr. Feelgood

As I was walking down the street  
A pretty girl did I meet  
She's looking all so sweet  
Got a major from her head to her feet

I was looking back to see  
If she was looking back to see  
If I was looking back at her

She glowed with such a beautiful smile  
She must have been a beautiful child  
Man she was all so neat  
A major from her head to her feet

I was looking back to see  
If she was looking back to see  
If I was looking back at her

Her hair was curly shining bright  
Her shoes in black were just delight  
She wore the very best of clothes  
And also black and nylon hose

I was looking back to see  
If she was looking back to see  
If I was looking back at her

As I was walking down the street  
A pretty girl did I meet  
She was looking all so sweet  
Got a major from her head to her feet

I was looking back  
She was looking back  
I was looking back at her

I was looking back to see  
If she was looking back to see  
If I was looking back at her
