

# Sweet Sweet Lovin'

Dr. Feelgood

Cold light dawning  
Something ain't right  
Funny kinda feelin'  
Bad dream last night

Someone's got a voodoo doll  
Stickin' needles into me  
Temporary blindness  
Means that I can't see

Sweet sweet lovin'  
Sweet sweet lovin'  
Gone sour on me

Seems like I'm in heaven  
When I first closed my eyes  
Don't care about the future  
If I'll live or die

Put your arms around me  
The kiss of death  
Lyin' here in ecstasy  
On a cold death bed

Sweet sweet lovin'  
Sweet sweet lovin'  
Gone sour on me

Sweet sweet lovin'  
Sweet sweet lovin'  
Gone sour on me

Toss and turn when the lights go out  
More bad dreams since you walked out  
I can't seem to face the future without you

Sweet sweet lovin'  
Sweet sweet lovin'

Sweet sweet lovin'  
Sweet sweet lovin'  
Gone sour on me

Someone's got a voodoo doll  
Stickin' needles into me  
Temporary blindness  
Means that I can't see

Sweet sweet lovin'  
Sweet sweet lovin'  
Gone sour on me

Sweet sweet lovin'  
Sweet sweet lovin'  
Gone sour on me

Sweet sweet lovin'

Sweet sweet lovin'  
Gone sour on me
