

All The Time In The World

Dr. Hook

Lay down, let's explore this tenderness between us
There ain't no-one around at all to see us
And baby would you mind if maybe you and I
Took a little time to find each other

Baby, we got all the time in the world
So why don't we just take it nice and slow
We got everything we need to plant a loving seed
And all the time we need to watch it grow

Stay down, stay at least until the fire stops burning
At least until the room has stopped its turning
And when the embers dying low we're lying in the afterglow
It'll be as sweet as anything we've ever known

Baby, we got all the time in the world
So why don't we just take it nice and slow
We got everything we need to plant a loving seed
And all the time we need to watch it grow

Baby, we got all the time in the world
So why don't we just take it nice and slow
We got everything we need to plant a loving seed
And all the time we need to watch it grow

Baby, we got all the time in the world
So why don't we just take it nice and slow
We got everything we need to plant a loving seed
And all the time we need to watch it grow
