

Do Nothin' 'Til You Hear From Me

Dr. John

Do nothin' till you hear from me
Pay no attention to what is said
Why some people tear the seams of anyone's dreams?
It's over my head

Do nothin' till you hear from me
Please consider our romance
If you should take the word of someone you've heard
You know I haven't a chance

True I've been seen with someone new
But does that mean that I'm untrue
When we're apart, words in my heart
Reveal how I feel about you

So kiss me, cloud my memory
And other arms may hold a thrill
Please do nothin' till you hear from me
And you know you never will

Sure I've been seen with someone new
But does that mean that I'm untrue
When we're apart, words in my heart
Reveal how I feel about you

So kiss me, cloud my memory
And other arms may hold a thrill
Please do nothin' till you hear from me
You know that you never will

Please do nothin' till you hear from me, baby
Even if we can string it out
Yes, you and me, yeah
So don't do nothin' till you hear from me
