

Quitters Never Win

Dr. John

Quitters never win, and a winner don't never quit
Quitters never win, and a winner don't never quit

Freaks stand up and looking fine
They don't do nothing - got a one-track mind
Got to wear down their resistance
'Cause the whole town couldn't stop the system
Yeah

Quitters never win, and a winner don't never quit
Quitters never win, and a winner don't never quit

You cell me a so-and-so
From what-you-may-call-it street
It's my cause to try real hard
Try hard to get to you can change
Maybe I'll lose, maybe I'll win
If I lose I'll just start all over again
Yeah, yeah, stop me now if you can

Quitters never win, and a winner don't never quit
Quitters never win, and a winner don't never quit
