

Rain

Dr. John

Comin' down the lightning
Comin' down thunder
Comin' down the rain drops
Don't leave me to wonder

Life ain't worth the lovin'
Love ain't worth havin' without you

Comin' down a heartache
Comin' down pain
Comin' down tear drops
Pour it like rain

Life ain't worth livin'
Love ain't worth havin' without you

Comin down hurtin
Down is for certain
Comin down blind
Seem like it's burden
Pullin' down rain
Forevermore
Comin down hard
Than ever before

Comin' the northwind
Blow in the cold
Losin' my senses
Losin' control

I need my baby
So bad I've gone crazy, without you

Comin' down heavy
Comin' down light
Comin' down day time
Comin' down all night

Need my baby so bad I've gone crazy
Life ain't worth livin'
Love ain't worth havin'
Without you

Rainin' down rain
Pullin' down pain
Here, without you
