

## Dream Zone

Dr. Sin

Free your mind now  
Let yourself go  
Free your mind  
Now hear this  
How I wish  
I wish that I could Fly  
Fly through the opens sky  
If i could I'd be traveling through time  
Maybe change history

Like a pioneer  
Discovering new lands  
Like a spaceship  
Landing on the moon  
I've created my world  
I changed my life  
By dreaming

In the desert will rain  
Threes will grow from the sand  
No more hunger or pain  
Love will rule every day

I can live  
In the world of make-believe  
Won't you come along with me?  
If I could know the secrets of the sea  
What a dream that would be

Like a pioneer  
Discovering new lands  
Like a spaceship  
Landing on the moon  
I've created my world  
I changed my life  
By dreaming

In the desert will rain  
Threes will grow from the sand  
No more hunger or pain  
Love will rule every day

Like a pioneer  
Discovering new lands  
Like a spaceship  
Landing on the moon
