

# Life is Crazy

Dr. Sin

A brand new day  
The same old feeling deep inside  
I see the world like fire and ice  
I work my balls off  
My hair is turning grey  
Sometimes I feel that I a going insane

Life is crazy, life is just so crazy  
It will take you there or bring you down  
It's amazing, how just llife is crazy  
It could be heaven or could be hell

No time,  
Can't find  
Too hard,  
No way  
Can't do  
Anymore  
Nevermind  
No job  
No fun,  
Don't stop  
Can't run,  
Can't hide  
Go away,  
Make my day

We learned to walk  
We learned to talk and after all  
We never learned when to hear and shut up  
I'm sightly mad  
I'm getting fat  
It feels so bad  
Let me tell you how I feel about life

Life is crazy, life is just so crazy  
It will take you there or bring you down  
It's amazing, how just llife is crazy  
It could be heaven or could be hell

Life is crazy  
So damn crazy
