

# The Great Houdini

Dr. Sin

A mind in chains  
A master of illusion  
The king of tricks  
Scandals and confusions  
Cheating death  
He carried all of our fear on his shoulder  
No limits  
A life wrapped in mystery

Ladies and gentlemen,  
The great houdini!  
Skyscrapers, water and ice  
Handcuffs, buried alive  
He's gonna scape right before your eyes

Hold your breath  
He's defying death  
Straight jacket  
Chinese torture cell  
Ladies and gentlemen,  
The great houdini!  
Skyscrapers, water and ice.  
Handcuffs, buried alive

Behind the curtain, behind the scene  
A mysterious man!  
(Ladies and gentlemen! The great houdini!  
"My brain is the key, that sets my mind free")  
Skyscrapers, water and ice  
Handcuffs, buried alive  
"There is nothing supernatural about it..."
