

This Is the Time

Dr. Sin

This is the time
Don't need to hide yourself!
Don't be afraid to face your destiny!
It's time to leave your shell
To fight your fears
And fix your broken wings

Life is like a crazy game,
Don't give up before the end!
We might win or we might lose!
It's time for you to make your move!

This is the time
To make all things right
Open your heart!
This is the time
To fix all your life
Just open your heart!

This time you're not alone.
Don't be afraid!
'Cause I'm right here for you
Don't lose your faith!
It's not too late
To make your dreams come true
Life is like a crazy game,
Don't give up before the end!
We might win or we might lose!
It's time for you to make your move, yeah

This is the time
To make all things right
Open your heart
This is the time
To fix all your life
Just open your heart

Don't need to hide yourself!
Don't be afraid to face your destiny!
This is the time
To make all things right
Open your heart
This is the time
To fix all your life
Just open your heart
