

# Time After Time

Dr. Sin

Time after time  
Living in memories  
Crossing the line  
Of reality

Lives passing by  
Watching my destiny  
Voices are calling  
From deep in my mind

Alone in dark  
I fear the night  
No words can explain  
Am I insane?

If I think  
Of all the pain  
I couldn't make  
Me through  
Another day  
Another way

Where will I find  
Peace of mind  
Before my eyes  
My life slips away  
Fades away

Wondering why  
Nothing seems real to me  
Watching the hands of the  
Click tick away

It's like a bad dream  
No one can hear me scream  
I can't stop the nightmare  
Have mercy on me
