

# We're Not Alone

Dr. Sin

I look up to the sky  
What a scary sight  
Formations of lights  
Shining into the night  
Now I know  
We are not alone  
And I don't know if it's right or wrong  
Invading our space  
Leaving no trace

Aliens,  
In our world!  
Aliens,  
We're not alone!  
I think we'd better pray,  
We're such an easy prey  
Aliens are coming,  
Are they white or grey?

Aliens,  
In our world!  
Aliens,  
We're not alone!  
Will they come in peace?  
Do they mean no harm?  
Should we be pleased or prepare to war?

Aliens,  
In our world!  
Aliens  
We're not alone!  
Aliens, aliens, aliens, aliens
