

This Is The End

Dragged Under

Don't tell me, what I don't want to hear
I'm sick of this never ending year
It's hopeless
I'm useless

Yah, this is evidence that I've been used and abused for too long
Comfortably numb, dragged along
You might as well put me out of my misery

I won't hold my breath
Waiting on a miracle
Cause the worst isn't over yet
Days turn to night, I'm verging clinical
It's best to pretend
This is, this is the end

The thought of this new normal won't go away
Apocalypse now, I'm wishing everyday
I better shut up and self medicate
Yah that's the only way I
Get by

You might as well put me out of my misery

Yah! I won't hold my breath
Waiting on a miracle
Cause the worst isn't over yet
Days turn to night, I'm verging clinical
It's best to pretend
This is, this is the end

It's best to pretend
This is, this is the end

It's best to pretend
This is, this is the end

Where we're going we're going alone
Used to travel the world now I'm trapped in my home
Write on the walls just to keep track of time
Here's to you here's to me and our mental decline

Yah! I won't hold my breath
For a miracle
Cause the worst isn't over yet
Days turn to night, I'm verging clinical
It's best to pretend
This is, this is the end

This is the end

There is no way out
It's best to pretend
This is the end

Where we're going we're going alone
Used to travel the world now I'm trapped in my home

Write on the walls just to keep track of time
Here's to you here's to me here's to us

This is the end
