### Dragged Under

Tape my mouth to fake a smile  
Try to fool myself for a while  
Been bitin' my nails down to the bone  
The lights are off, but someone's home  
Wearing out the floor from pacing  
Body still but thoughts are racing  
Four cups of coffee, can't stay awake  
If I don't learn to bend, I'm gonna break!

What would you prescribe for living under the pressure?  
Pressure pressure pressure pressure  
Am I overwhelmed or under the weather?  
Weather weather weather weather  
The only thing I can guarantee  
Is that it's getting the best of me  
If I can't. Get away I'll pretend I'm ok!

Yah

Cover the windows, unplug the phone  
There's no one here, but I don't feel alone  
Why does it seem like I'm trapped?  
If I can't handle this stress, I'm gonna snap!

If I can't handle this stress, I'm gonna snap!

Yah yah yah!
