

# BLACKTOWN BOOGIE

Dragon

I been drinking  
And I been thinking  
See my chances pass me by  
Well I'm going back to Blacktown  
My one and only Blacktown  
Girl to love, to love and hold you tight

Some old alley cat scratch my door  
Callin' out your name  
Well you don't make me worry  
Just close my eyes and hurry back to Blacktown  
Blacktown just the same

And I don't believe you when you say you love me baby  
You just want me on my knees and  
I won't do that thing to please you  
Know I try  
I'd say bye bye

I been drinking  
And I been thinking  
See my chances pass me by  
Well I'm going back to Blacktown  
My one and only Blacktown  
To love, to love and hold you tight

Back to Blacktown  
I'm going back to Blacktown  
I'm going back to Blacktown  
On my knees  
[?] place to Blacktown  
Going back to Blacktown

Going back to Blacktown  
Going back to Blacktown  
Going back
