

Nothing To Lose

Dragon

When you go out upon the road
You keep looking behind you
And you're leaving no trail around
So nobody could find you
When the rain comes pouring down
You've got nothing to hide you
When the cold freezes the ground
You'll find there's nothing inside you

When you gonna realise you've got nothing to lose?
When you gonna realise
When you gonna realise you've got nothing to lose?
Nothing to lose

And when that train pulls out
You'll get no better feelings
'Cause one day you're gonna find out
You've got nothing to believe in

When you gonna realise you've got nothing to lose?
When you gonna realise
When you gonna realise you've got nothing to lose?
Nothing to lose
When you gonna realise you've got nothing to lose?
When you gonna realise
When you gonna realise you've got nothing to lose?
Nothing to lose

Always searching the house for something
You never will be satisfied
When you wake up in the morning
Nobody will be by your side
But time can change the way you feel
Rearrange your heart

When you gonna realise you've got nothing to lose?
When you gonna realise
When you gonna realise you've got nothing to lose?
Nothing to lose
