

O Zambezi

Dragon

Clouds and the stars are fightin' tonight
Cane toads spit deadly tears
Inner fear turns into fright
Don't let the icing roll off your head
Your creamy life schemes are nearly dead

2116D is fighting with my head
Won't let me get to sleep, or even get to bed

She's holding on like a cat on a roof
O Zambezi
She's holding on like a cat on a roof
O Zambezi
O Zambezi, I don't know where you are
O Zambezi, guide me with a star

Nature kills and leaves the rest
Rolls on in deadly motion
Knock on the door it could be you
Give to me your lockjaw thrill
Blood cries out and dries quite still

2116D is fighting with my head
Won't let me get to sleep, or even get to bed

She's holding on like a cat on a roof
O Zambezi
She's holding on like a cat on a roof
O Zambezi
O Zambezi, I don't know where you are
O Zambezi, guide me with a star

...

Oooh Zambezi...
