

Runaway

Dragon

Standing in the pouring rain
Here I go again
Stumbling with the keys I slash your door
You changed the lock
I should know
I been standing rain stones any times before

Every time you runaway
Every time I'll go
A little of a steps away
Every time you runaway

What you trying cover up?
What you trying to prove?
It's the same scenario and we know all the moves
You changed your mind
But you never changed your ways
Are we ever going to solve this problem face to face?

Every time you runaway
Every time I'll go
A little of a steps away
Every time you runaway

Stumbling in my shoes
Feel what I'm going through
We are losing so much time
Every time you runaway

(Stop, stop
Stop, stop
Stop, stop)

Every time you runaway
Every time I'll go
A little of a steps away
Every time you runaway

Stumbling in my shoes
Feel what I'm going through
We are losing so much time
Every time you runaway

Stop
Stop
Stop
Stop
Aw, yeah!
Stop stop stop
Stop stop stop
Stop stop stop
Stop stop stop...
