

## The Letter

Dragon

I thought by now you'd make up your mind  
I thought by now you had taken some time  
To think about me, what I mean to you  
Now baby I been out of tune  
What do you want me to do

Write me, why don't you write me a letter  
Why don't you call me baby on the telephone

I heard some talk from a friend of mine  
He said you been dancing and romancing all the time  
All the time now baby  
Please now be careful what you do  
I'm comin' home, I wanna talk to you

Write me, come on and write me a letter  
Why don't you write me a letter, ain't you got no time  
I know why

I know that you think that I'm some kind of fool  
You treat me like I was in some kind of school  
I been out baby, I been travelin' the world  
If you don't want me, you're not the only girl

Come on, come on and write me a letter  
Why don't you write me a letter, ain't you got no time

Come on, write me, write me a letter  
[?] call me on my telephone line

I know that you think that I'm some kind of fool  
You treat me like I was in some kind of school  
I been out baby, I been travelin' the world  
If you don't want me, you're not the only girl

Come on, come on and write me a letter...
