

Summer Thing

Dragonette

I could be your summer thing
You could be my everything
I could get a couple drinks
You could be my summer thing

I could cancel all my plans
We could do the south of France
You know we're not that different
Everybody's somebody who wants somebody, ya

Everybody's somebody who wants somebody, ya
I'm somebody, somebody who's gotta take a chance
With your body, my body, together we can dance
Everybody's somebody who wants somebody, ya

Everybody's somebody who wants somebody, ya
I'm somebody, somebody who's gotta take a chance
With your body, my body, together we can dance
Everybody's somebody who wants somebody, ya

Everybody's somebody who wants somebody, ya
Everybody's somebody who wants somebody, ya

You could be my summer thing
I could fill the spaces in
You and me and all our friends
Everybody's somebody who wants somebody, ya

Everybody's somebody who wants somebody, ya
I'm somebody, somebody who's gotta take a chance
With your body, my body, together we can dance
Everybody's somebody who wants somebody, ya

Everybody's somebody who wants somebody, ya
I'm somebody, somebody who's gotta take a chance
With your body, my body, together we can dance
Everybody's somebody who wants somebody, ya

Everybody's somebody who wants somebody, ya
Everybody's somebody who wants somebody, ya
