Dragonslayer

Dragony

Living under shadows
Beneath the wings of blackest night
A chosen one of fire comes
To stand up to the fight

The lion of our vengeance
A saviour in the sun
Bearing sword of legacy
The Chosen One has come

Raise the eye of the storm today
Ride the wings of the night!
Lift the curse of the dark dismay
Chosen one to the fight!

Lionheart
Not saved by poem nor prayer
Bind the night
You are the Dragonslayer

Firelight
Is guiding the way of the strayer
And blind the night
He is the Dragonslayer

High atop the mountain
They are dwelling in the clouds
The realm of Gods and Warriors
The Crest of Dragons proud

Bear the sword of reason
Tear the darkness away
Corruption, death and treason
Never walk astray!

Raise the eye of the storm tonight
Ride the winds of the brave
Honor the glorious way of the knight
Defy the grasp of the grave

Warrior
Not saved by poem or prayer
Bind the night
You are the Dragonslayer

Firelight
Is guiding the way of the strayer
And blind the Night
Glorious Dragonslayer

Riding the thunder to gates of the heavens
Where fire and ashes will cloud the sky
The dragon redeeming with iron voice screaming
A thousand vile curses, a faithless lie

Hear the secrets see the sign
Feel the darkness in his mind

Lionheart
Not saved by poem nor prayer
Bind the night
You are the Dragonslayer

Firelight
Is guiding the way of the strayer
And blind the night
He is the Dragonslayer
