## Dragony

I have my heart set on the west  
Virginia rising  
It shall be my greatest test  
The queen awards me with this quest

A new world waiting for us there  
A new horizon  
A virgin country, strong and fair  
My queen's answer to my prayer

New horizons  
Hold the answers  
Azure skies and  
Oceans await

We are chasing a dream  
Riding the waves of the dawn  
Into a new day  
We are caught in the stream  
Leaving days gone by  
We're sailing away  
(Chase your dream!)

You shall never leave my side  
I still need you  
My every whim you must abide  
Be my counsel, my guide

Still so far your ships shall sail  
To a new world  
Through great toil and great travail  
Of new lands yourself avail

New horizons  
Hold the answers  
Azure skies and  
Oceans await

We are chasing a dream  
Riding the waves of the dawn  
Into a new day  
We are caught in the stream  
Leaving days gone by  
We're sailing away  
(Chase your dream!)

Sail for me  
Cross the sea  
Bend the knee  
And be free

New horizons  
Hold the answers  
Azure skies and  
Oceans await

We are chasing a dream

Riding the waves of the dawn  
Into a new day  
We are caught in the stream  
Leaving days gone by  
We're sailing away  
(Chase your dream!)
