

## Sick One

**DRAIN**

Hellbound on destruction  
With seduction on my mind  
I want to scream  
I want to crush  
I want to set your world on fire

No one's on this trip with me  
Nobody understands that I'm having a good time  
I feel like a loaded gun  
And I'm on a fucking sick one

I'll show you how it feels  
You don't want to know
